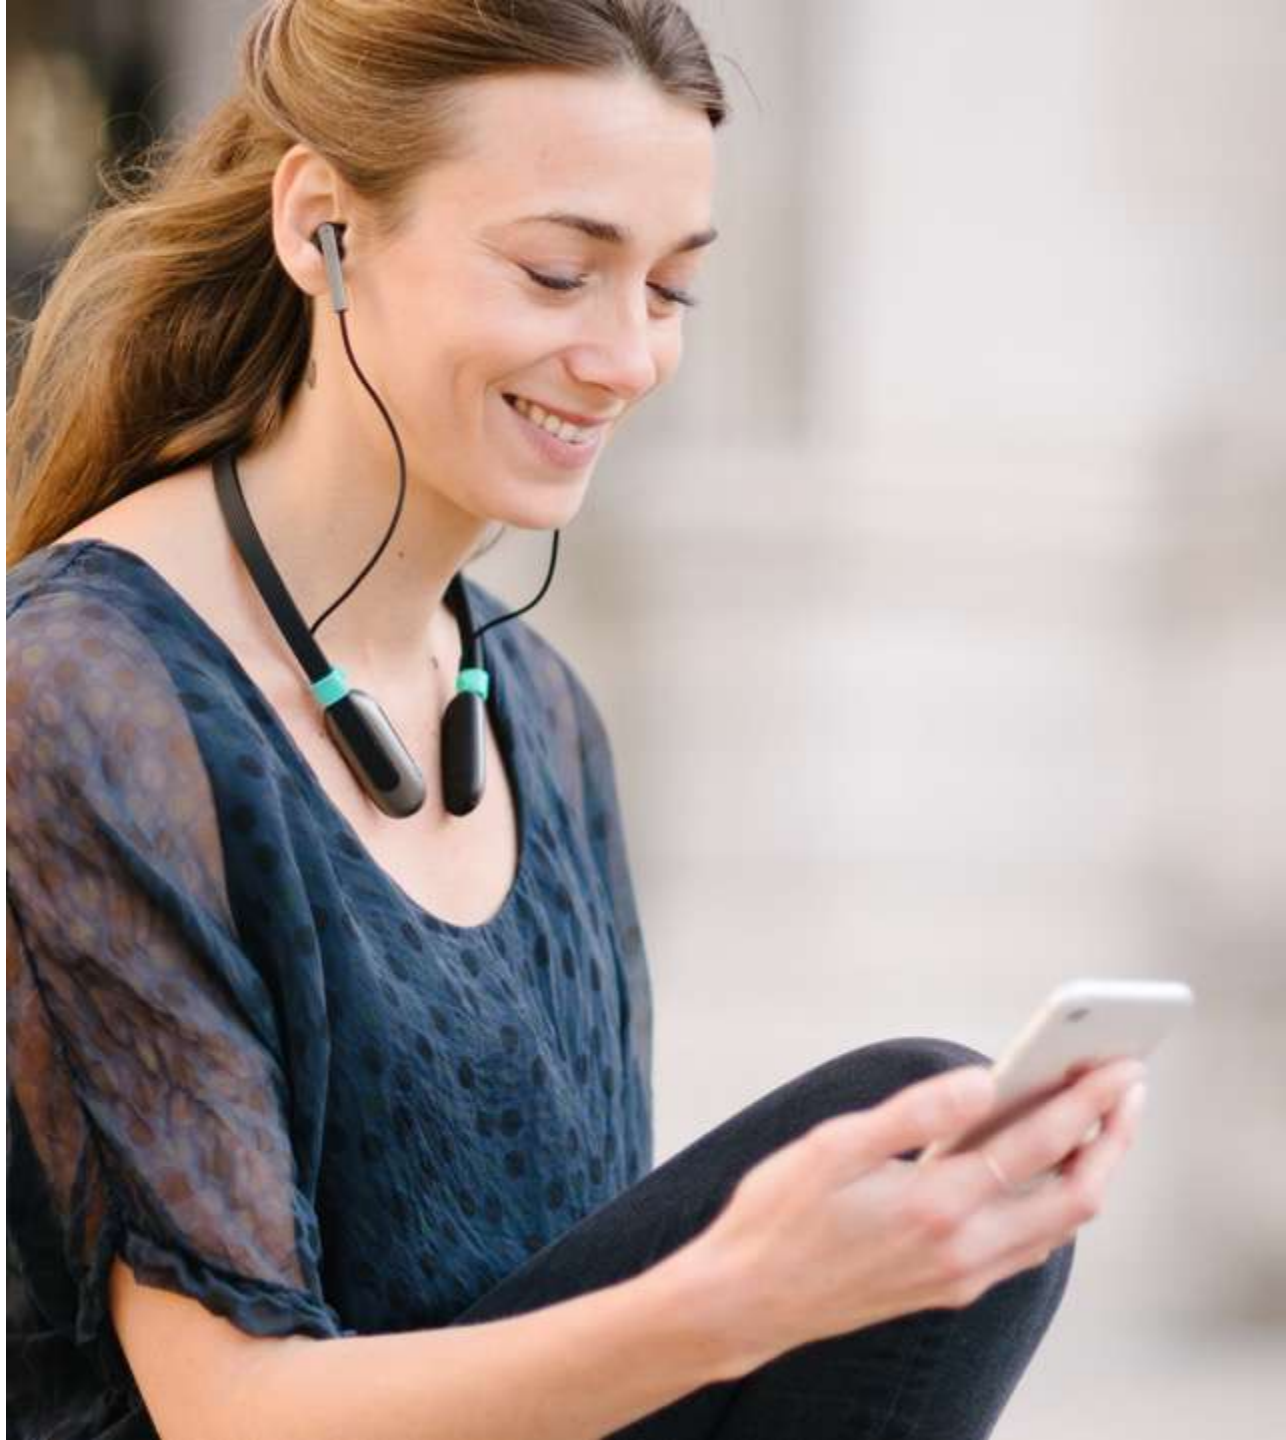
FOR BETTER

COLLABORATION

« Our employees were affected by noise since we decided to move into an open-plan office. We needed **a solution that could reduce distracting noise without cutting them from their colleagues.** Taking in hand TILDE® headphones was very easy and natural. **Five of our departments currently use the product.** » Toulouse Metropolis

68% of participants declare TILDE® **helps deal with interruptions** at work.



AND IMPROVED

CONCENTRATION

« I am totally satisfied with the headphones! **TILDE® provides maximum comfort:** good microphones, different sized ear tips, pick up or hang up the phone… **and an efficient noise reduction that helps me concentrate** even when the office is loud. » RTE

100% of participants say **it is easier to stay focused at work** with TILDE®.
