

Standfriend

Elegant and ergonomic. *Standfriend* from Mousetrapper is the latest addition to our family of solutions to help you avoid unnecessary pain while working at the computer. By switching between standing and sitting, you feel better and have more stamina. Complete with a centered pointing device for an elegant, ergonomic solution – at home or at the office.

Benefits of Standfriend

We all feel better from a varied working position. *Standfriend* is an excellent solution to vary your working position easily.

Intelligent design means that you can easily find the right working height for you. The generous keyboard platform provides space for your mobile phone, notes or water glass.

Designed to be easy to handle. You take out and remove your *Standfriend* in a few steps – and it looks good on the wall when you are not using it.

Standfriend is designed and manufactured in Sweden – which reduces transportation needs and provides transparency of the entire production cycle.

The desk is reversible; choose between a smooth *White* surface or an elegant *Graphite Grey*. Choose between black or light gray metal stand.

Standfriend is easy to store, and the folded, flat design does not take up much space. Hang it on the wall or put it away when you don't need it.
