Because Health Matters

2013 / 2014

Contents

2013 / 2014

For over 20 years, Posturite has been helping UK organisations protect their employees from work related upper limb or musculoskeletal disorders. Additionally, we are experts in resolving common issues that cause absence from work. We pride ourselves on the extensive range of workplace ergonomics products we are able to offer our customers, many of them available only from Posturite. This, together with the expertise and knowledge of our nationally based staff should make us the number one choice for UK businesses and public sector organisations.

You will hopefully find everything you are looking for within this catalogue or on our website www.posturite.co.uk

Musculoskeletal disorders (MSDs) are the scourge of the modern workplace

In 2011, according to the Office of National Statistics, 34.4 million working days were lost in the UK alone due to MSDs. It is the single largest cause of absence from work, costing the UK a fortune.

Many MSDs could be avoided if companies proactively invested in adjustable, ergonomic chairs, properly set up to meet the needs of individual users.

This is what HSE Board Member Professor Sayeed Khan has said on the subject:

“Ergonomic solutions to workplace design can help prevent back injuries, stop existing conditions being exacerbated and help sufferers feel more comfortable. They can also improve conditions for everyone.”

All Posturite chairs are designed to maintain the health and efficiency of desk-based workers. We have partnered with many of the world's leading designers and manufacturers to ensure our customers have the biggest and best choice of posture-improving chairs to suit all budgets.

RH Extend

A range of very functional office chairs at attractive prices. Flexible and elegant office chairs

Elegant, ergonomic and easy to use. The chair is equipped with a mechanism that makes it easy to choose exactly the right sitting position, something that makes it the perfect choice for an environment where hot-desking is the norm and many different people use it at different times.

All RH Extend models come as standard with seat slide, castors for carpeted floors, base in graphite aluminium and Gaja fabric. Armrests and neckrest are optional.

RH Extend 100 (medium back)

The RH Extend 100 offers a backrest and seat angle that move simultaneously when you change your position.

RH Extend 120 (high back)

The RH Extend 120 offers the same functions as RH Extend 100 but with a taller backrest.

RH Extend 200 (medium back)

RH Extend 200 has a tilt mechanism and backrest that can be adjusted separately.

RH Extend 220 (high back)

The RH Extend 220 offers the same functions as RH Extend 200 but with a taller backrest.

RH Activ

Chairs for office and industry

RH Activ follow your slightest body movement - comfortably and ergonomically. Just like all RH chairs, it is based on 2PPT™, the philosophy on active sitting. RH Activ is a chair that thanks to its simplicity and ergonomic design fits most working environments. This chair range comes in four basic models which can be fitted with a higher gas stem, footring and glides to create a Draughtsman chair.

All RH Activ models come as standard with seat slide, castors for carpeted floors, base in black polyamide and Gaja fabric. Armrests are optional.

RH Activ 200

RH Activ 200 has a medium backrest and a medium seat.

RH Activ 220

RH Activ 220 has a high backrest and a medium seat.

RH Activ 202

RH Activ 202 has a medium backrest and a large seat.

RH Activ 222

RH Activ 222 has a high backrest and a large seat.

RH Activ Draughtsman

RH Activ Draughtsman is fitted with a taller gas stem, glides and a footring.

H03 330

H03 340

H03 350

HÅG Capisco

You won't find another office chair so well suited to work surfaces at different heights or to height-adjustable desks

On a HÅG Capisco, you can sit equally comfortably facing forward or turned to the side or even use the backrest as a chest support. The saddle seat can be adjusted between low and high working positions, all the way up to standing, enabling you to be more dynamic in your movements while still balanced. The seat height, seat depth and back height can be adjusted. Tilt resistance is adjustable and lockable.

HÅG Capisco 8107

HÅG Capisco 8107 is delivered with a seat, back and headrest.

HÅG Capisco 8106

The HÅG Capisco 8106 is the same chair as the HÅG Capisco 8107 but without headrest. Delivered with a seat and back.

HÅG Capisco 8105 (stool only)

The HÅG Capisco 8105 is the same chair as the HÅG Capisco 8106 but with a taller gas stem and without a backrest.

HÅG Capisco Puls 8010

HÅG Capisco 8010 is a plastic chair that is delivered with a seat and back. The seat has an integrated cushion for improved comfort. The footbase is delivered in black or silver-lacquered aluminium. Standard 200 mm gas lift. A footbase in polished aluminium, black plastic or blue-grey plastic is optional.

HÅG H04 Collection

Timeless and comfortable

Key words to describe the HÅG H04 are balance, freedom and movement. Balance because it provides the best starting point for any movement, freedom of movement because it permits unrestricted movement, allowing you to focus on your work. With a traditional but simultaneously up-to-date design, the chair is perfect for all businesses and offices, large or small.

The HÅG H04 is available in 4 different options and come as standard with a 150 mm gas lift. The footbase in silver (black optional) and castors for carpeted floors. Height and breadth-adjustable armrests and headrest are optional.

Positiv Plus

Think Positiv to experience world-class ergonomic design and functionality at an affordable price

The Positiv Plus offers the sort of sophisticated controls, adjustability and durability normally only to be found in more expensive chairs.

Features

- Hinge-fronted seat to ease pressure on legs in reclined mode and offers additional seat tilt in forward mode
- Telescopic hand-wheel seat slide adjustment (78 mm)
- Sophisticated under-seat levers provide maximum adjustability
- Unique Ergo-slide backrest height adjustment system allowing easy, smooth control from a seated position
- Inflatable lumbar panel for additional support

Positiv Plus chairs come as standard with lumbar pump, seat slide, castors for carpeted floors, base in black nylon and Phoenix fabric. Weight guarantee: 19 stone.

Available in three different backs: medium, high or slim back

Desking & Furniture

Desks • Pedestals • Homeworking Furniture

Don't just sit there, stand up for your health!

The human body wasn't designed to sit for long periods. It is a proven fact that our sedentary lifestyles are unhealthy, shorten our lifespan and increase the risk of diabetes and heart disease.

Sitting at a desk is not the only option though; Posturite's sit/stand, height adjustable desks allow people to change regularly between a seated working position and a standing one. This has a number of proven benefits including improved circulation, concentration and even productivity.

Using a sit/stand desk allows you the flexibility to move or change position without interrupting workflow, at the simple turn of a handle or push of a button. Work and equipment can stay exactly where it is, it's simple, quick and beneficial.

So don't just sit there – stand up for your health!

Height Adjustable Desking

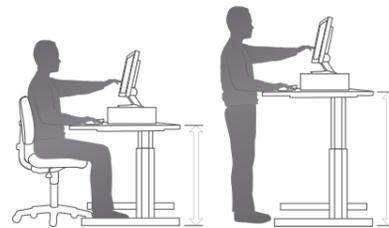

DeskRite 500

Electric height-adjustable desking

Simply the best range of electric 'sit-to-stand' desking. State-of-the-art electronics make changing the desk height smooth and simple, while sophisticated software guarantees the desk is always perfectly level. It's even clever enough to compensate for uneven loads on the desk top.

- 3-day turnaround from stock
- Speak to one of our experts who can talk you through the options

Available in four desk shapes: Writing, Stance, Wave and Corner

Writing

The Writing desk is ideal for conventional use with flat screen monitors, laptops or CRT monitors.

Width (mm)	Finish	Depth 800 mm		Depth 1000 mm

---------	----------------------	---------

Mice & Keyboards

Keyboards • Mice • Tablets

Keyboards and mice are the devices we use the most, it's important to get the right ones for your needs

Choosing a mouse and keyboard is as important as choosing shoes. They need to be comfortable, promote easy working and not cause you pain.

Mice

Many standard mice fail on both counts. That's why we recommend you go for an ergonomically-designed device that will help shield you from potential strain injuries and improve your productivity. A vertical mouse eliminates the need for forearm twisting and, in the case of the Posturite Penguin mouse, allows you to switch hands throughout the day, avoiding overuse of the dominant hand.

Trackball, roller mouse and centrally pointed input devices all reduce or eliminate the need for sideways or reaching arm movements and keep hands in a more natural position.

Keyboards

Posturite considers the standard keyboard design, with its right-sided integral number pad, to be flawed as it forces users to make uncomfortable stretching movements. Fortunately there are now plenty of alternatives.

Compact or short keyboards allow you to position the mouse much closer to you - separate numeric pads can be added if required. A number slide keyboard is a compact keyboard with the integral number pad hidden - it becomes a conventional keyboard once it is exposed. Split keyboards are probably the most ergonomically efficient, promoting more natural positioning of arms and hands, reducing fatigue.

Keyboards and mice are the devices you'll use the most, so it's important to get the right ones for your needs. If you're not sure, contact Posturite for expert advice.

Number Slide Keyboard

Compact keyboard with an integral number pad that slides out sideways (right hand only) to expose the fully functioning number pad. Dimensions (LxWxH): 330 closed/400 open x 180 x 33 mm.

9820000 Number Slide Keyboard £49.95

Slides out to reveal number pad

Ergostars Saturnus

The Ergostars Saturnus compact keyboard is designed to be used alongside the matching number pad (optional extra). The keyboard combines ergonomics and design. Dimensions (LxWxH): 305 x 165 x 20 mm.

9876002	White Keys - Lowercase	£54.95
9876000	White Keys - Uppercase	£54.95

Celluon Magic Cube

The Magic Cube is a compact, lightweight ergonomic solution for typing on Bluetooth devices. Simply position adjacent to your Bluetooth device and the keyboard is projected - easy to use on flat surfaces.

8846001 Celluon Magic Cube £145.00

Penguin[®]

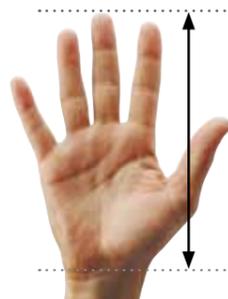

Ambidextrous Vertical Mouse

Penguin Ambidextrous Vertical Mouse

The Penguin offers computer users new standards of protection against Work Related Upper Limb Disorders. It provides a simple but revolutionary solution to many of the common health problems associated with repetitive use of the dominant hand by allowing both hands to share the workload. The base platform reduces the grip required to position the device without any loss of accuracy.

- Naturally comfortable - the vertical alignment encourages a more ergonomic operating position
- Ambidextrous design - central 'bow-tie' switch allows for easy transition between right and left handed use
- Easy-glide symmetrical base - allows the user to rest either hand comfortably alongside the vertical structure, encouraging the use of the bigger muscles in the fore and upper arm to manoeuvre the mouse. Fine cursor control is still achievable with small hand and/or finger movements
- Performance laser tracking - precision laser for accurate tracking.
- Variable DPI [400-600-800-1200] - adjustable for variable pointer speeds
- Precision scroll wheel - for fast, accurate document scrolling including an auto-scroll feature
- Plug & Play USB 2.0 - Windows, Mac, Linux
- Wired and wireless (rechargeable) versions available
- Available in small, medium and large sizes

Which size?

The Penguin mouse is available in three sizes. To choose the correct one for you, measure your hand from the first crease on your wrist to the tip of your middle finger.

SMALL	0-16 cm	(0-6 ins approx)
MEDIUM	16-18 cm	(6-7 ins approx)
LARGE	18 cm +	(7 ins + approx)

9820098	Wired - Sml	£49.95
9820100	Wired - Med	£49.95
9820101	Wired - Lrg	£49.95
9820099	Wireless - Sml	£64.95
9820102	Wireless - Med	£64.95
9820103	Wireless - Lrg	£64.95

Evolent VerticalMouse 4

Avoids forearm twisting for comfort and good health. Supports your hand in an upright neutral position that avoids forearm twisting.

1401112	R/Hand - Wired	£99.95
1401122	R/Hand - Wired - Sml	£99.95
1401113	L/Hand - Wired	£99.95
1401114	R/Hand - Wireless	£129.99

Logitech Marble Mouse

The Logitech TrackMan Marble gives either hand superior comfort. Ambidextrous design provides long-lasting comfort for right and left handed people.

3575	Marble Mouse	£29.99
------	--------------	--------

9745075	Wacom Pen & Touch	£84.99
---------	-------------------	--------

Workstation Accessories

Document Holders • Writing Boards • Writing Slopes • Headsets

The twists and turns that are part of our everyday working lives can often be the cause of problems

Document holders and writing slopes can help to avoid bending and twisting of the neck by elevating reading material or a working surface to a more comfortable level. Being able to read and type at your workstation without twisting your neck or back and putting undue strain on your body will be an altogether more comfortable experience.

The Posturite Board was the very first product our Chief Executive designed over 20 years ago, along with the MultiRite two in one document holder and writing slope, it's still one of our best sellers today.

Document Holders & Writing Slopes

Mini MultiRite

Designed for space-saving smaller keyboards.

- Dimensions (LxWxH) : 360 x 350 x 170 mm

Standard MultiRite

The original version, simple to adjust both height and angle.

- Dimensions (LxWxH) : 510 x 350 x 170 mm

Large MultiRite

Designed to accommodate extra large Bloomberg keyboards and peripherals such as the RollerMouse Pro.

- Dimensions (LxWxH) : 560 x 350 x 170 mm

Wrist Rest

A multi functional, soft padded block which slots into the MultiRite. It provides a soft base for the wrist and supports large volumes of paper.

Mini

Standard

Large

MultiRite

Posturite's unique two-in-one document holder/writing slope helps to reduce aches and pains by allowing you to read, write or type without awkward twists or turns.

1104M	Mini	£99.95

1104L	Large	£129.95
1104002	Wrist Rest	£19.95

Mini

Large

Posturite Board

Posturite Boards enable users to secure documents (using magnets) at optimal positions for correct posture; preventing and relieving aches and pains (headaches, neck/back pain and eye strain) thus improving efficiency.

1011	Mini Posturite Board	£99.95
1001	Large Posturite Board	£109.95

Folds flat

Accessories

1021	Book Holder	£34.95
1031	Book Ledger	£32.95
1041	Keyboard Holder	£37.95
1091	Additional Magnet	£4.95
1092	Additional Paper	£1.45

SlideRite

The SlideRite is fitted with a guide rule that allows you to track documents line by line. The SlideRite provides a larger and more stable base for your documents. Made of tough frosted acrylic, the SlideRite hold documents at a comfortable 50° angle.

1107103	A4 - Small	£49.95
1107104	A3 - Large	£59.95

Posturite Ergoview

Provides an angled ledge to support A4 portrait or landscape documents. Places the document between the keyboard and the monitor and prevents any additional head movement.

1511	Portrait - Grey	£19.95
1511BL	Portrait - Black	£19.95
1512	Landscape - Grey	£20.95
1512BL	Landscape - Black	£20.95

Junior Coloured Angle

Indestructible acrylic slopes, designed to withstand the demands of the user age group! Dimensions (LxWxH): 400 x 355 x 114 mm.

1075	Red	£34.95
1078	Green	£34.95
1077	Blue	£34.95
1076	Yellow	£34.95

Posturite WriteAngle

Acrylic, portable fixed height writing slope with optional reference folder. 2 sizes available: standard and extra wide. Dimensions (LxWxH): standard - 400 x 345 x 100 mm, extra wide - 400 x 420 x 100 mm.

1051	Satin Finish	£32.95
1052	Extra Wide	£34.95
1053	Reference Holder	£19.95

Euro Copyholder

Position the Euro Copyholder between the screen and keyboard and simply fold away under the monitor when not in use. Base dimensions (LxW): 420 x 390 mm.

1401104	Euro Copyholder	£69.95
1401106	Extension Feet	£29.99
1401107	Extra Large Lip	£9.95

Clean-doc 440

In-line document holder that attaches to a monitor arm. Combines document holder and storage tray for 'clean desk' approach. Creates extra workspace with holder in storage position. Dimensions (LxWxH): 50 x 430 x 304 mm.

4507117	CleanDoc 440	£99.95
---------	--------------	--------

7025132	Voyager Legend	£76.59
---------	----------------	--------

Monitor & CPU Solutions

Monitor Arms • Monitor Raisers • Screen Filters • CPU Holders

If your computer monitor is sitting at the wrong height it is a common cause of neck and shoulder pain

Ideally, a computer monitor should sit directly in front of you at arm's length, with the top of the screen level with your eyes. If your computer monitor is sitting at the wrong height it could potentially lead to neck and shoulder pain.

Monitor arms offer the most ergonomically efficient way to ensure your screen is always at the correct height and angle for you. They also have the added advantage of freeing up valuable desktop space.

For a more cost effective solution to the problem, stackable posture blocks are a option, they are less flexible in terms of adjustability, but a lot more economical.

Flo Monitor Arm

Flo's unique design offers a dynamic movement that is the smoothest and lightest available, with minimum effort required to position the screen exactly where you need it. Achieved by the use of a geometric spring system (GSS) and minimalist engineering, Flo is not only seamless in its performance, but also treads lightly on the environment.

1820200	Flo monitor arm with clamp fixing	£149.00
1820201	Flo monitor arm with through desk fixing	£149.00
1820302	Flo dual monitor arm with clamp fixing	£276.00

Laptop & iPad Options

1820202	Flo monitor arm with laptop tray	£156.86
1820301	Flo iPad mount and arm	£194.00

Giselle Monitor Arm

Giselle is an elegant post-mounted monitor arm that combines strength with ease of movement. Utilising an internal gas strut, Giselle provides fingertip adjustment over monitors that weigh up to 7kg, making it the ideal solution for multi-user workspaces, such as hot desks and call centres. The Giselle is the perfect flexible solution for customers who require easy and effortless adjustments of their monitors.

1820061	Giselle monitor arm + 200 mm post	£186.00
1822070	Giselle back-to-back bracket/arms + 200 mm post	£389.00

Fixing

Choose how you want to fix the monitor arm to your desk.

1820011	Through desk fixing (up to 35 mm desk)	£9.00
1820001	Desk clamp fixing (up to 38 mm desk)	£20.00
1820042	Cast Grommet fixing (up to 38 mm desk)	£40.00

Wishbone Monitor Arm

Wishbone is a true system arm, available in three reach lengths making it the ideal choice for multi-screen applications such as trading floors and control rooms.

Lightweight, fully adjustable and easy to install, Wishbone can support up to 12kg and allows monitors to be positioned in either landscape or portrait format.

1820031	Wishbone monitor arm + 400 mm post	£167.00
1822069	Wishbone back-to-back bracket/arms + 400 mm post	£336.00

Fixing

Choose how you want to fix the monitor arm to your desk.

1820011	Through desk fixing (up to 35 mm desk)	£9.00
1820001	Desk clamp fixing (up to 38 mm desk)	£20.00
1820042	Cast Grommet fixing (up to 38 mm desk)	£40.00

Zorro Monitor Arm

The Zorro monitor arm combines beautiful aesthetics with a high level of functionality. Its sleek, angular profile means that it can be mounted on shorter posts to give cleaner lines in the workspace. This design allows Zorro to have a horizontal range of up to 460 mm.

Zorro's innovative ball joint gives the user full control over the screen angle to increase comfort and reduce glare. It can be pushed flush onto itself to provide maximum desk space in front of the monitor.

1820032	Zorro monitor arm + 300 mm post	£152.00
1820074	Zorro back-to-back bracket/arms + 300 mm post	£315.00

Fixing

Choose how you want to fix the monitor arm to your desk.

1820011	Through desk fixing (up to 35 mm desk)	£9.00
1820001	Desk clamp fixing (up to 38 mm desk)	£20.00
1820042	Cast Grommet fixing (up to 38 mm desk)	£40.00

Daisyone Monitor Arm

Daisyone is a compact monitor arm support solution that allows dual monitor screens to be mounted at the same height on a single post without the need for an additional back-to-back bracket.

Daisyone allows for the monitor to be positioned in either landscape or portrait positions and includes a quick release monitor mount security feature as standard.

1823004	Daisyone monitor arm + 500 mm post	£152.00
---------	------------------------------------	---------

Fixing

Choose how you want to fix the monitor arm to your desk.

1820011	Through desk fixing (up to 35 mm desk)	£9.00
1820001	Desk clamp fixing (up to 38 mm desk)	£20.00
1820042	Cast Grommet fixing (up to 38 mm desk)	£40.00

Rodney Monitor Arm

Rodney is a simple and cost-effective monitor arm offering a range of ergonomic benefits. Screen supports supplied with monitors only offer vertical adjustment - Rodney has 430 mm of horizontal reach allowing different focal lengths to be easily achieved for an all round user experience.

1820053	Slide & Rotate Bracket	£17.00
1822024	Rotational Bracket	£15.00

Laptop Solutions

Laptop Sets • Laptop Stands • Bags • iPad & Tablet Solutions

Our rapidly-growing use of laptops, notebook and tablet computers is fast turning us into a nation of slouch potatoes

The hunched position most users adopt when sitting at their laptops or tablets has led to an increase in neck, back and shoulder problems, particularly among the young. Our rapidly-growing use of laptop, notebook and tablet computers has the potential to cause even more problems in the future.

Posturite's huge range of ergonomic laptop solutions will help you adopt an altogether healthier approach to laptop and tablet use. Using a separate ergonomic keyboard and mouse; a stand to raise the screen; a stable base on which to work; taking regular breaks to relieve upper body tension; and a backpack to carry the device around will all help to protect against musculoskeletal problems.

Portable Laptop Solutions

Slim Cool Laptop Stand

Telescopic side bars provide wide support and help keep the laptop cool by allowing increased airflow. Weight: 550g. Height range: 6 adjustment levels. Dimensions (LxWxH): 182 x 275 x 252 x 10 mm.

1401110 Slim Cool £49.95

Ergo-Q 260 Laptop Stand

Award winning, portable, aluminium, notebook stand. Featuring pivotable, in-line document holder. Weight: 390g. Height range: 90-210 mm (5 height settings). Dimensions (LxWxH): 310 x 230 x 7 mm.

4507102 Ergo Q-260 £95.95

Ergo-Q 330 Laptop Stand

Portable notebook stand with built-in document holder - pivots for easy laptop set-up. Angle adjustment range: 20°-40° (6 angles). Dimensions (LxWxH): 310 x 228 x 13 mm.

4505101 Ergo-Q 330 £63.95

Cricket Laptop Stand

The Cricket elevates the screen for cool computing and comfortable viewing. Cricket props up your laptop or tablet, allowing adjustment of screen height as desired. Angle adjustment: 11-60° (6 increments).

9767002 Cricket Laptop Stand £45.99

U Top Laptop Stand

Built from lightweight aluminium with the strength to hold 5 kg, the U Top has the flexibility to suit most laptops and tablets. Six levels of adjustment. Dimensions (LxWxH): 300 x 250 x 3 mm.

9701010 U Top Laptop Stand £44.99

Solo all-in-one Stand

The Solo all-in-one Laptop Stand features an integral touchpad, keyboard and 2 USB hubs, allowing you to attach an external drive and mouse. Lightweight and portable, perfect for mobile or home workers it easily elevates a laptop to a sensible working height.

9820009 Solo - All In One Stand £69.95

CBS Lapjack Laptop Stand

Lapjack is a portable, aluminium, ergonomic support for laptop computers, incorporating range copy holder and cable management. Height range: 175-260 mm. Dimensions folded (LxWxH): 296 x 236 x 10.5 mm.

1820054 Lapjack £56.00

High Top Laptop Stand

The High Top is designed specifically for compact (10-13") laptops. Possibly the lightest, thinnest stand available, it features a built-in copy holder, 6 height settings, 4 cable slots and non-slip feet.

9811050 High Top Laptop Stand £59.99

Deluxe Trolley Backpack

Can't decide between a backpack or roller case? Use this as a backpack, then fold shoulder straps away and it becomes a roller case. Fits laptops up to 290 x 380 mm (15 inches).

4700103 Deluxe Trolley Backpack £69.95

Executive Trolley Case

Very stylish laptop trolley case with many integral compartments including an ingenious clothing section. Fits laptops up to 390 x 280 mm (17 inches). Dimensions (LxWxH): 460 x 260 x 380 mm.

4700109 Executive Trolley Case £99.95

Smart Sleeve

The Smart Sleeve features padded and rigid sections designed to protect the user whilst operating a laptop. Forms protective sleeve around laptop in transit. Fits 14.1-15.4 inch laptops. Angle adjustment: 20-43°.

9811030 Smart Sleeve £89.00

Belkin Slim Backpack

Compartments for everything from pens, business cards, credit cards and other notebook accessories. Separate removable pouch for power supply. Fits laptops up to 405 x 315 x 35 mm (17 inches).

9745078 Belkin Slim Backpack £38.99

Fixed Laptop Solutions

Ergo-T 340 Laptop Stand

Universal laptop stand that can accommodate laptops and docking stations with the Port Replicator Module PRM340. Ideal for 'hot desking'. Height range: 80-260 mm. Fits all laptops up to 17".

4505102	Ergo-T 340	£111.90
4505103	Port Replicator PRM340	£24.99

Ergo Station II

The Ergo Station features a 4 port USB 2.0 hub to support keyboards, mice or other peripherals and an ultra quiet fan to prevent overheating. 4 angle settings. Dimensions (LxWxD): 300 x 280 x 217 mm.

9709100	Ergo Station With Fan	£59.99
---------	-----------------------	--------

Ergo-Top 320

The Ergo-Top Laptop Stand will turn a laptop into a desktop workstation. It features a frosted, anti reflective construction, height adjustments, and integrated security device for locking keyboard, mice and other accessories. Dimensions (LxWxD): 370 x 245 x 220 mm.

1100	Ergo-Top 320	£55.95
------	--------------	--------

Easy Laptop Desk

An ideal companion, especially useful when working whilst in bed. Helps maintain a comfortable screen angle and height. Folds flat, lightweight, strong aluminium frame. Dimensions (LxWxD): 560 x 300 x 40 mm.

9820001	Easy Laptop Desk	£79.95
---------	------------------	--------

Posturite Lap Pack

Improve your ergonomics when using your laptop. Consists of: 1 x 1 inch and 2 x 2 inch Posture Blocks, Posturite wrist support, Posturite mouse rest, keyboard & mouse, 1 USB cable adaptor.

1060USB	Posturite Lap Pack USB	£69.95
---------	------------------------	--------

Posturite Lap Desk

This portable work surface is ideal for taking notes at seminars, use in a classroom, and for positioning laptops whilst travelling. We do not recommend this as long term solution, but it will improve comfort in certain situations. Dimensions(LxW): 420 x 380 mm.

1061	Posturite Lap Desk	£29.99
------	--------------------	--------

iPad & Tablet Solutions

Flo iPad Mount and Arm

For use with the iPad. Features easy portrait to landscape orientation and accommodates an iPad with or without a case. The mount comes with a lock mechanism, ensuring it can be left securely on the monitor arm.

1820301	Flo iPad mount and arm	£194.00
---------	------------------------	---------

SLATE iPad Stand and Case

SLATE (Storage & Lightweight Adjustable Tablet Ergonomics) for iPad 2 and the new iPad. Not just another tablet stand - the SLATE is an ergonomic interface between you and your tablet.

9811055	LITE iPad Stand	£49.99
---------	-----------------	--------

Cricket Laptop Stand

The Cricket elevates the screen for cool computing and comfortable viewing. Cricket props up your laptop or tablet, allowing adjustment of screen height as desired. Angle adjustment: 11-60° (6 increments).

9767002	Cricket Laptop Stand	£45.99
---------	----------------------	--------

Freedom Pro Bluetooth

This dual profile, bluetooth portable keyboard offers portability and practicality with a range of functions and keys for mobile device control. Dimensions (LxWxH): 319 x 103 x 9.6 mm.

9767100	Freedom Pro	£84.99
---------	-------------	--------

Celluon Magic Cube

The Magic Cube is a compact, lightweight ergonomic solution for typing on Bluetooth devices. Simply position adjacent to your Bluetooth device and the keyboard is projected - easy to use on flat surfaces.

8846001	Celluon Magic Cube	£145.00
---------	--------------------	---------

Posture Supports

Footrests • Supports • Lumbar Rolls & Seat Wedges • Posters

An appropriate support can transform a person's comfort at work

Sometimes, solving or improving a work-related musculoskeletal condition can be straightforward. There are a huge range of products and aids which can be used when additional support is required.

Footrests that adjust for both angle and height will ensure that your legs and feet are properly supported when necessary and encourage a correct posture. As a short-term measure, lumbar rolls and seat wedges will help provide back support and promote better posture when using non-ergonomic chairs. Not just for the office or workplace, these are also useful for car and aeroplane seats and dining room chairs.

Footrests

The Master Footrest

Front or back tilting, adjustable footrest, the Master is designed to encourage a comfortable position when working with the feet slightly raised, lifting weight from the thighs. Dimensions (LxW): 460 x 305 mm.

5701 The Master Footrest £34.95

Height Adjustable Footrest

The Height Adjustable Footrest is foot operated, has an angle adjustable platform and is suitable for counter or bench workstations. The contoured platform will minimise slip. Height adjustments of 80-290 mm.

5751 Height Adj Footrest £124.95

Adjustable Footrest

A simple, stable, height adjustable footrest with individually height adjustable feet. Sturdy steel construction. Dimensions (LxWxH): 455 x 295 x 90-130 mm.

5774 Adjustable Footrest £39.95

Discus Adjustable Footrest

Adjustable gas lift footrest with a central button that can be pushed with your foot to adjust the height from a seated position. Anti-skid modern design.

3809103 Discus 150 £103.00

3809104 Discus 250 £103.00

Adjustable Foot Platform

Adjustable incline footrest with a removable cover which reveals a compartment for dictating machine controls. Platform size (LxW): 450 x 350 mm. Front height adjusts from: 40-150 mm, rear from: 70-210 mm.

5775 Foot Platform £56.00

Footform Dual Footrest

The Footform is height adjustable up to 300 mm allowing user to select height to suit. Operated by a foot pedal, it's easy to adjust when needed. Height ranges up to 300 mm.

9877001 Footform Dual £126.00

HÅG Quickstep

Having some movement is preferable to remaining static. This dynamic, tilting footrest provides additional floor height and support. It activates blood circulation and stimulates coordination.

5765 HAG Quickstep Footrest £100.00

Footmate

The Footmate is a lightweight, robust, height and angle adjustable footrest. It features a textured, non slip surface which can act as a foot massager whilst the user works. 3 fixed height settings between 100-170 mm. Position at any angle between 0-45°.

8844001 Footmate Footrest £34.95

Leg Rest

These leg rests provide a high level of comfort and support, giving users the choice of support for one leg or both. Sitting height 41-54 cm. Adjustable angle. Compact aluminium base of just 50 cm.

3809105 Single Leg Rest £176.00

3809106 Double Leg Rest £222.00

Supports

DynaSpine

DynaSpine will help alleviate back ache or pain and prevent symptoms of a bad back whilst seated. It is particularly helpful for muscle aches, nerve pains and tension in your spine or shoulders aggravated by sitting.

9889000 DynaSpine £68.07

Inflatable Lumbar Support

An inflatable lumbar support for situations where a good chair is not an option: in meetings, in a car, at home. Extremely robust rubber pump-up insert.

9731003 Inflatable Lumbar Support £42.95

Mouse pad

ErgoRest Armrest

This wrist and armrest clamps to your desk offering supported movement to work effectively to help prevent strain and fatigue. Fits desk thickness 15-43 mm.

3511	ErgoRest	£83.00
3518	ErgoRest and Mouse Pad	£110.00
3513	ErgoRest - Height Adj	£120.00

WASP Wrist Rest

WASP (Wrist and Arm Support Platform) provides relief from supporting the weight of hands and forearms allowing you to glide your hand across a keyboard and mouse whilst your wrist is supported.

3510	WASP Wrist Rest (pair)	£47.95
------	------------------------	--------

MouseBean

A brilliant, simple idea - MouseBean provides support, protection and comfort against mouse induced wrist pain. Its ergonomic design can help protect against RSI, Carpal Tunnel Syndrome and painful disabling problems.

3502	MouseBean	£5.95
------	-----------	-------

Posturite Lumbar Rolls

Lumbar rolls are usually of most benefit to those users who have a particularly pronounced lordosis and require a little extra support.

4032	4 Inch Roll	£9.95
4031	4 Inch D Roll	£9.95
4030	5 Inch D Roll	£9.95

Winged Roll

This Winged Roll provides lumbar support to help maintain the inward curve of the lumbar spine with the added advantage of lateral wings to keep the support in place. Height adjustable with a securing strap. Dimensions (LxW): 320 x 150 mm.

4021	Winged Roll	£19.95
------	-------------	--------

Posturite Back Support

The Posturite Back Support encourages a healthier position for the spine and gives lateral and lumbar positioning to ensure pain relief by correct alignment of the spine, pelvis and legs. Dimensions (LxWxH): 420 x 380 x 125 mm.

4036	Posturite Back Support	£24.95
------	------------------------	--------

Relax Wrist Rest

Simply place the Relax Wrist Rest in front of the keyboard to help prevent incorrect extension of the wrist. Made from self moulding foam that shapes to your wrist and retains its shape after use. Also available in small for mini keyboards.

3500	Small	£14.95
3501	Large	£19.50

Keyboard/Mouse Wrist Rest

This keyboard and mouse rest can help to support the wrist in a neutral position. Contoured edges for comfort. Foam filled fabric with easy glide surface.

3605	Mouse mat wrist rest	£9.95
3608	Keyboard wrist rest - Sml	£14.95
3607	Keyboard wrist rest - Lrg	£16.95

3M Keyboard & Mouse Rest

This rest is designed to encourage correct wrist alignment whilst using a keyboard, mouse or trackball. It places the keyboard and mouse at the same level to improve comfort. Features non-skid base for stability. Silky smooth material lets wrist glide easily.

3508	Keyboard/Mouse Rest	£87.32
------	---------------------	--------

11° Wedge

The Posturite 11° wedge will help you to sit down for long periods with the pelvis tilted correctly and the spine in its natural position. Dimensions (LxWxH): 380 x 355 x 90 mm.

4033	11 Degree Wedge	£15.95
------	-----------------	--------

Slimline Wedge

The Slimline Wedge tilts the pelvis forward to correctly align the spine. Ideal for chairs which slant backwards to support and ease muscle tension in the lumbar region.

4034	Slimline Wedge	£15.95
------	----------------	--------

Coccyx Cut-Out Wedge

The Coccyx Wedge gently rotates the Pelvis forward to relieve the strain from the lower back. The relief recess feature promotes maximum comfort for injured or bruised coccyx.

4028	Coccyx Cut-Out Wedge	£34.95
------	----------------------	--------

Neutraliser System

The Neutraliser Keyboard System supports literally bring the work to you, allowing you to sit back in your chair while providing protection from carpal tunnel syndrome, neck and back pain, and other musculoskeletal issues. Dimensions (LxW): 515 x 270 mm.

3522	Neutraliser System	£247.00
------	--------------------	---------

Keyboard & Mouse Rest

This Keyboard and Mouse rest attaches to your desk and provides comfortable, padded support for your wrists.

3534	Keyboard Rest	£44.95
3533	Mouse Rest	£22.95

Corner Keyboard Stand

A cost effective solution for frustrated corner desk computer users. One size fits all.

3551	Acrylic	£27.50
3556	Metal	£29.50

Posturite Curve

This small precisely shaped pad fits behind the small of the back, supporting the spine in its natural shape to help relieve symptoms of back-pain and helps reduce the chance of getting back-pain in the future. The Posturite Curve can be used in many different types of seat.

4054001	Posturite Curve	£26.95
---------	-----------------	--------

MEDesign Backfriend

Small, precisely shaped pad, designed to fit the small of the back and support the spine. Helps relieve back-pain symptoms and reduce the chance of getting future back-pain. Can be used with almost any seat. Dimensions (LxW): 340 x 305 mm.

4010	Backfriend Black	£52.95
401002	Double Padded	£55.95

Disc 'O' Sit

Portable, inflatable, active and dynamic seating solution. Helpful in episodes of acute back pain, herniated disc and Sciatica. The unpredictable base of support forces the supporting muscles of your trunk to remain stable.

9300	Disc 'O' Sit	£24.95
------	--------------	--------

9821005	Franklin DMQ-1870	£87.00
---------	-------------------	--------

Evacs & Defibs

Evacuation Chairs • Defibrillators

Are you adequately equipped in the event of an emergency?

Even in the best organised organisations, crisis situations do happen, when they do, you need to be confident that you have the means and correct resources to cope.

The Regulatory Reform (Fire Safety) Order 2005 replaces most previous fire safety legislation with one simple order which states that everyone (staff, visitors or customers) should be able to safely escape if there is a fire. Posturite has 2 models of Evacuation Chair designed to cope with any building or any situation.

Automated External Defibrillators (AEDs) are becoming common fixtures in many workplaces. In the event of an emergency, having a defibrillator to hand can quite literally save lives.

Talk to us today to arrange a demonstration.

Evacuation Chairs

EvacuRite

Are you equipped to evacuate your site in the event of an emergency?

EvacuRite is a robust, economically-priced evacuation chair that excels in terms of ease of use, comfort, manoeuvrability and durability. It is suitable for use in almost any environment and emergency situation where a person is required to be smoothly and safely transported down stairs.

- Simple rapid deploy system - allows the chair to be ready for use in seconds with no heavy lifting
- Lightweight aluminium frame - lightest evacuation chair in its class
- Can be used as an alternative transit / wheelchair
- Smooth, safe, glide-track system ensures a comfortable and controlled evacuation down stairs
- New bonded 2 layer track copes with virtually all stair surfaces
- Dual rear brakes at waist level for easy application
- Forward-extending, ergonomically-shaped handles assist manoeuvrability
- Adjustable chest, lap and shin straps
- Adjustable neck support
- Wipe-clean material
- Cover and wall bracket included
- EvacuRite training courses available on request

LIFEPAK CR Plus Defibrillator

Trust the brand that 70% of UK ambulances use!

Featuring the same advanced technology trusted by emergency medical professionals - yet simple to use - the LIFEPAK CR Plus automated external defibrillator (AED) is designed specifically for the first person to respond to a victim of sudden cardiac arrest (SCA). Although not everyone can be saved from sudden cardiac arrest, studies show that early defibrillation can dramatically improve survival rates.

- Designed for lay users
- Automatic
- Lightweight and compact
- Simple picture guide and clear voice prompts to guide the first aider
- Industry leading eight year warranty
- AED training courses available on request

8 Year Guarantee

WorkRite

E-learning • Training • Consultancy

The UK's premier independent provider of workplace health, safety, training, e-learning and management solutions

WorkRite, our health and safety compliance division, is the UK's premier independent provider of workplace health, safety, training, e-learning and management solutions.

Our products and services offer both flexibility and cost-effectiveness. So whether you are a small or medium sized business looking for total support from our fully-managed service, or a large national company requiring specialist back-up for your in-house team, we can tailor a package to suit your needs.

Our extensive range of desk-based e-learning and assessment programs, face-to-face training courses and consultancy services will meet the requirements of most companies. On the occasions when something special is required, WorkRite has the flexibility to tailor our services to suit your needs.

Whatever your requirements, you can expect the same high levels of customer care and service delivery on which Posturite has built its unrivalled reputation over the last 20 years.

WorkRite[®]
e-learning & training solutions

Products

AssessRite

AssessRite is our flagship e-learning course – a powerful online learning and assessment package for people working with display screen equipment (DSE).

E-learning

WorkRite's stunningly creative, interactive health and safety e-learning and assessment courses are the ideal way for companies to deliver essential health and safety training to their staff.

Benefits include

- ✓ Standardises health & safety training and assessment procedures
- ✓ Saves time and resources
- ✓ Offers a permanent audit trail of all health & safety training
- ✓ Easy to assign and evaluate individual responsibilities
- ✓ Enables early intervention and the opportunity to prevent long-term sick leave
- ✓ Interactivity helps maintain attention, retain information and improve learning

Users with issues

Management System (Portal)

Training

Each year WorkRite helps hundreds of people throughout Britain gain skills such as DSE assessing, first aid, manual handling, fire safety awareness and a whole lot more.

Our wide range of contemporary, multimedia training courses provide an interesting and stimulating environment where the emphasis is on participation and interaction. All our trainers are highly qualified professionals experienced in a variety of training techniques and with extensive 'real world' experience in their respective fields.

Choose between hosting the course at your premises – and, if you wish, have it adapted to meet your company's specific needs – or booking individual places on one of our hugely popular drop-in courses. Either way, numbers will be strictly limited to guarantee that each delegate receives the very personal attention from our team.

Hosted

You choose the date and provide the venue, usually your premises, and we provide the training and any necessary equipment.

Drop-in

We organise the date, location, catering, hospitality, training and equipment. You simply turn up.

Drop-in courses are regularly held in Aberdeen, Edinburgh, Glasgow, Newcastle, Leeds, Manchester, Birmingham, Loughborough, Milton Keynes, Cambridge, Central London, Oxford, Swindon, Bristol, Cardiff and Exeter.

What training courses we offer

We offer a number of training courses under the below subject areas.

- Display Screen Equipment (DSE)
- Ergonomics
- Fire and Evacuation
- Health and Safety
- Manual Handling
- AED
- First Aid

Bespoke courses on almost any subject can also be developed if you're unable to find what you're looking for in our regular programme.

Visit our website for more information www.workrite.co.uk/training

Accident Management System (AMS)

AMS is an online facility that allows you to manage your accident and incident reporting across multiple sites including a structured and reportable method of investigation and action planning.

It provides an intuitive and descriptive interface for end users and system administrators to ensure thorough recording and investigation of incidents using various automatic triggers and chaser notifications for outstanding actions.

Dyslexia Screener

An innovative online facility which offers a quick, convenient and cost-effective method for employers to identify adults with dyslexic tendencies. If evidence of dyslexia is indicated, a full diagnostic assessment can be arranged. Tests include visual sequential memory, auditory sequential memory, nonsense words, spelling and reading and comprehension.

WorkRite Consultancy

Finding it hard to keep up to speed with ever-changing health and safety legislation and training requirements? We can help.

Our consultants will ensure that your procedures, policies, documentation, risk assessments, training programmes and so on are all properly maintained while you concentrate on running your business.

Not only will this keep you on the right side of the law, it could also produce some useful productivity gains if we're able to prevent desk-based workers from developing musculoskeletal problems or work-related upper limb disorders.

Now providing ergonomic services in more than 30 countries worldwide.

Consultancy Services

We will work with you to complete your risk assessments enabling you to comply with legislation. We will write or adapt safety policies and procedures, offer training and generally assist you to comply with all health and safety legislation pertaining to your business.

- Overload Service
- Risk Assessments
- Ergonomic Audits
- Portable Appliance Testing
- Policies and Procedures
- Disaster Recovery Plans
- Specific Ergonomic Assessments
- Fire Safety

Office Environments

Office Re-Fits • Refurbishment • Design & Build

Installation for
Bank of New York Mellon

Translating ideas into reality ...on time, on budget

The way an office looks says a lot - a well planned and equipped environment inspires staff, impresses clients and improves efficiency. An ill thought-out scheme does the complete reverse.

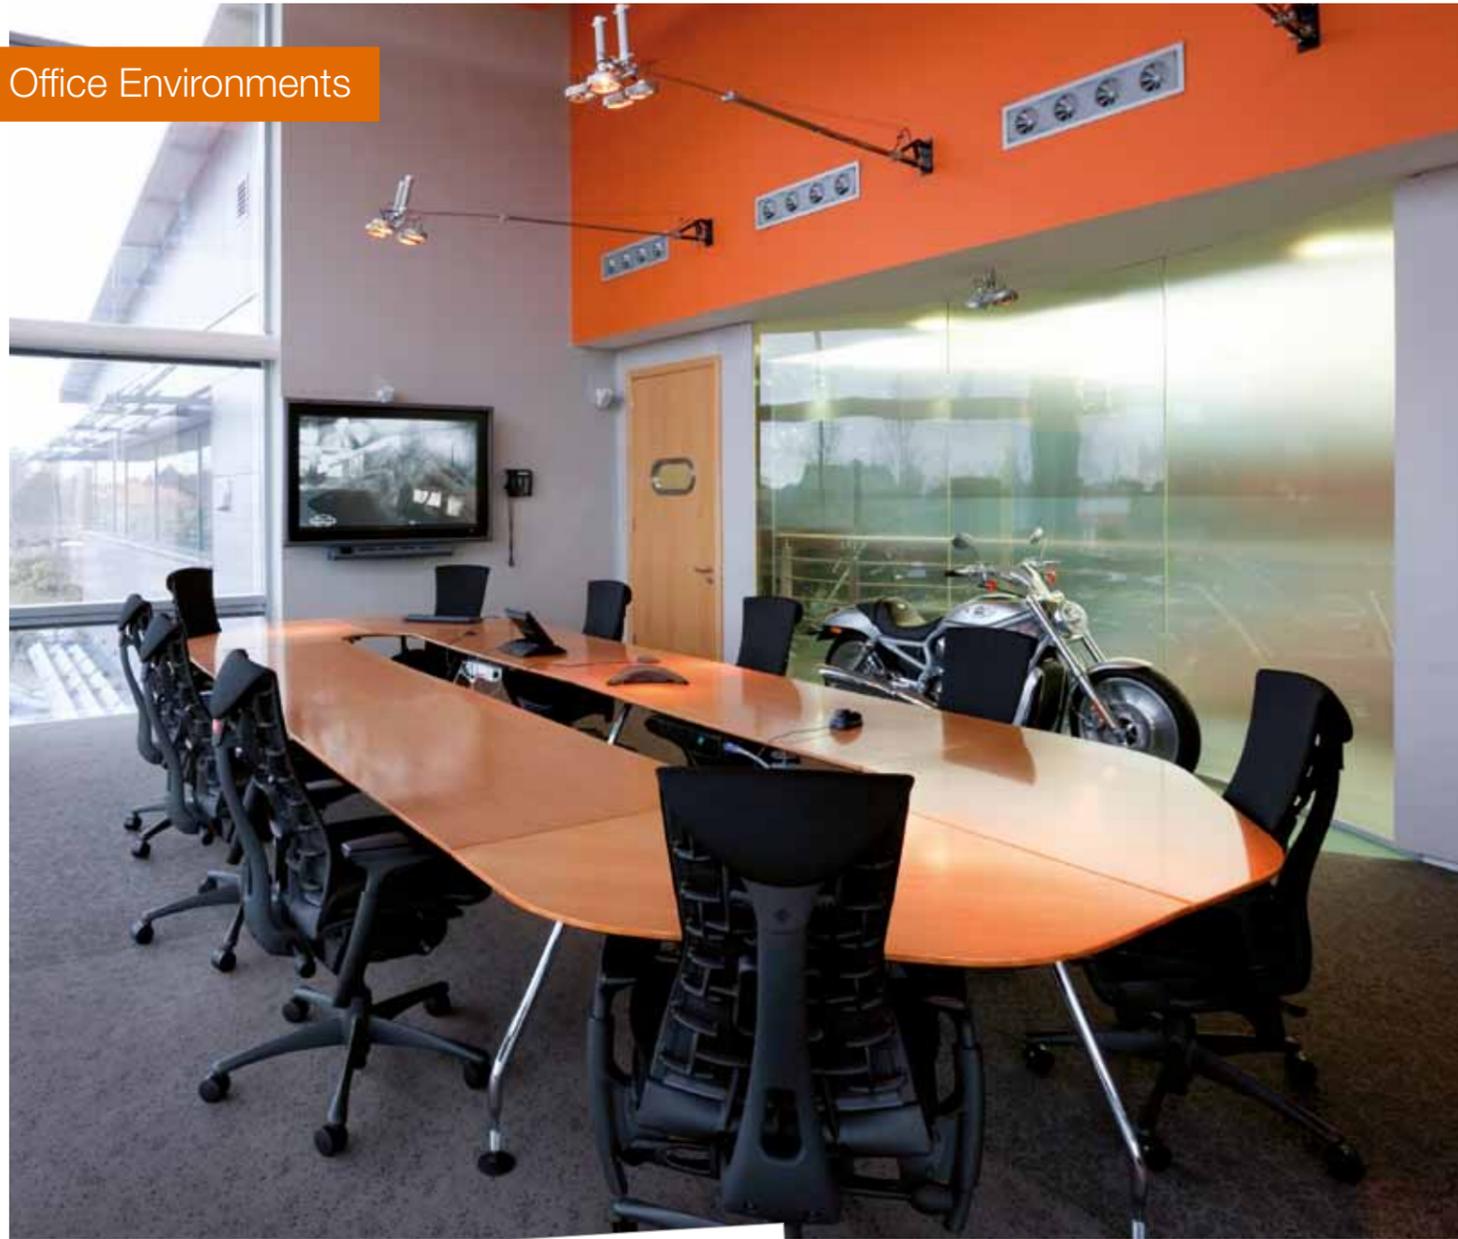

So it's important you get it right.

Office Environments has an enviable track record in helping companies to make the most of their space and their budgets.

Whether designing and fitting out a single office, a suite of rooms or an entire building, Office Environments apply the same high levels of personal service and attention to detail that have helped to make Posturite the country's leading supplier of ergonomic office solutions.

Office space is too costly to waste. Let us work with you to meet your complete interior needs and objectives, within your budget and timescales.
