 BAKKER ELKHUIZEN

Work Smart - Feel Good

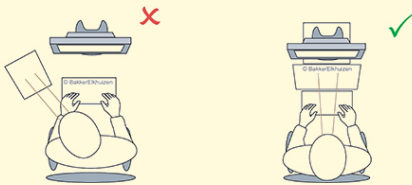

## Organised desk, organised mind

A full desk with documents everywhere left and right places unnecessary strain on the neck. The CleanDoc 440 document holder solves this.

Our document holders are designed to prevent neck problems, so your work sessions are more efficient and pleasant.

To prevent neck rotation, documents have to be placed between the keyboard and display screen. A sloping work surface reduces flexion of the neck and thus increases work comfort.

**Ergonomic:** organise documents, notes, mobile phone, pda right in front of you. Handy: pen tray.

**Clean-Desk:** store keyboard and mouse onto the Clean-doc (in storage position).

**Unique:** patented solution.

**Easy to install:** loose the bolts a little bit and insert the module.

**Extra space:** the Clean-doc creates more desk space by storing the keyboard and mouse when not in use.

**Universal:** Suitable for 14 to 24 inch monitors.
