

# Oyster Mouse Wireless

BAKKER ELKHUIZEN

adjustable vertical ergonomic mouse

Work Smart - Feel Good

As vertical as you want it!

The Oyster Mouse is a special vertical mouse in our mice family. It can be adjusted to 5 inclination angles.

The major advantage of this mouse is that you yourself can determine how vertical you want it. It is suitable for both left-handed and right-handed users.

The handshake position of vertical mice keeps the wrist from bending as much to the side while the forearm also turns inward to a lesser degree (Schmid, et al., 2015). This means that muscle activity in the forearm is less than it would be when using a conventional mouse (Quemelo & Vieira, 2013).

**Ergonomic:** eliminates arm twisting by keeping the forearm in a neutral position.

**Choose your angle:** mouse-angle is repositionable in 5 settings (both left- and righthanded).

**Universal design:** suitable for left and right hands.

**Buttons:** 5 buttons and separate scroll wheel.

**Accurate:** resolution 1200 dpi.

**Connection:** wireless.
