

## Desk Panel DPG1C Data sheet

# DPG1C

---

The DPG1C is the advanced Desk Panel in the DPG series; it features Bluetooth®, 4 memory positions, display to guide the user and a reminder via a light strip to remind the user to use his/her desk. The DPG is activated by tilting the Desk Panel in the same direction as the desk is intended to drive, which makes it an intuitive Desk Panel. The DPG1C features a modern discreet design with a glossy surface and an integrated display to ensure a clean and minimalistic design. The display provides guidance to the user when operating the desk and Desk Panel.

The light strip reminds the user to change positions via pulsating green and orange light. Using the integrated Bluetooth® and downloading the Desk Control™ App also allows the user to be reminded via notifications on computers and smart devices.

---
