

EVAC+CHAIR 900H POWER

Comfortable evacuation for the mobility impaired.

The 900H Power is a 24V Lithium-Ion battery operated, motorised evacuation chair. The Powered Belt Track System reduces manual handling and enables upward and downward evacuation. Quick and easy to operate it facilitates a smooth and safe method of evacuation for the mobility impaired.

FEATURES

- 1 Easy To Use Control Pad**
Enables the user to control the speed and direction (upward/downward) of the evacuation.

- 2 Head Support**
Supports passengers head and neck for increased comfort.

- 3 Pushing Handles**
Enables the 900H Power to be easily manoeuvred on flat terrain.

- 4 Powered Belt Track System**
Reduces manual handling and provides a smooth upward/downward evacuation.

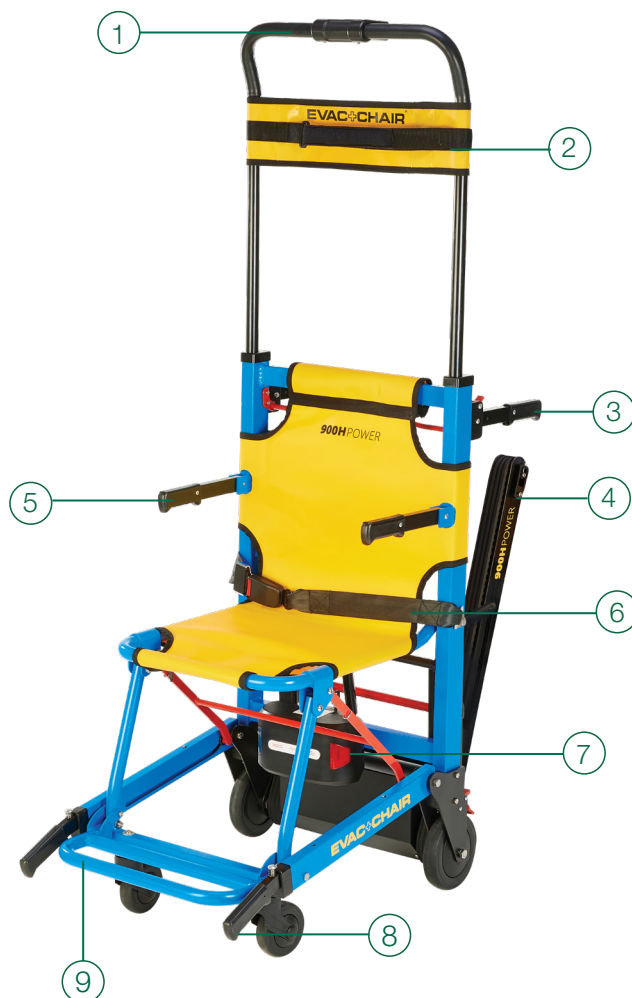

- 5 Arm Rests**
Provides passenger support and assistance.

- 6 Safety Belt**
Secures the passenger into the chair.

- 7 24V Lithium-Ion Battery**
Powers the chair upwards and downwards. One full charge will last for 150 flights of stairs.

- 8 Ascending Control Handles**
Enables a 2nd person to assist in the operation, if required.

- 9 Foot Rest**
Provides a secure place for the passenger to rest their feet, during evacuation.
