

OTTO

LAPTOP TABLE

Otto is a unique dual action laptop table designed to radically improve the posture of our increasingly agile workforce.

Developed with ergonomist Kirsty Angerer, Otto has a unique dual adjustment. This makes laptop use comfortable and viable for long periods on low-level seating and breakout seating. The table can be easily set to the correct height for writing and typing.

Meanwhile, the laptop can be elevated with the screen at eye level – perfect for making video calls.

In FSC-certified, engineered European Oak as standard with bases in black or light grey. Available with single or dual adjustment.

Otto is designed to suit many third-space settings such as breakout and collaboration spaces along with receptions, café areas and even at home.

DIMENSIONS	H	W	D
Single height adjustable	590-770	600	500
