

HOMEWORKER ERGONOMIC OFFICE CHAIR

Simple, instant ergonomic support for homeworkers

It's difficult to stay productive and comfortable all day without a suitable place to sit. Your sofa or dining room table may be comfortable for short periods, but in the longer term prolonged sitting without good support can lead to discomfort and even musculoskeletal injury.

Upgrade your home set-up with the Homeworker Ergonomic Office Chair, a simple office chair that's easy to adjust to a perfectly comfortable sitting position. Intuitive functions allow you to adjust the height of the chair so that you can align your feet, knees and hips well, avoid pain and work productively for longer. Option to add height-adjustable armrests for additional support.

FEATURES

- Twin lever mechanism
- Smart black base
- Upholstered seat and back
- Option for height-adjustable armrests

Colours Options

Black
(BLA)
