

HOMEWORKER PLUS ERGONOMIC OFFICE CHAIR

Instant, advanced ergonomic support for homeworkers

Homeworkers will struggle to stay productive and comfortable all day without a suitable place to sit. Sitting on the sofa or at a dining room table may be comfortable for short periods, but in the longer term working without suitable support can lead to aches, pains and even musculoskeletal injury.

Upgrade your home set-up with the Homeworke Plus Ergonomic Office Chair, a feature-packed office chair that's intuitive to adjust to a perfectly comfortable sitting position. Sophisticated functions include independent back and seat mechanism with tension adjustment, ratchet back height adjustment, seat slide and an in-built inflatable lumbar cushion to give you tailored support wherever your body needs it. Option to add height-adjustable armrests for additional support.

FEATURES

- Independent mechanism with tension adjustment
- Ratchet back height adjustment
- Seat slide
- Inflatable lumbar support
- Stylish black base
- Upholstered seat and back
- Option for adjustable armrests
